

TEN HINTS FOR A GOOD READING

RELAX

1. Seek a Clairvoyant's or Psychic's help at a time when you are relaxed and undisturbed. If you are not and it is a troubled time for you, gently put your mind at ease.

BE OPEN

2. Allow the clairvoyant to proceed in his or her own manner. Do not expect your first problem to be discussed at once.

PATIENCE

3. No clairvoyant wants or needs help -- but do not attempt to confuse them. Work with them. Let them know when they are correct.

BE FAIR

4. Being skeptical, demanding proof, resisting, arguing or wanting things done your way, can only increase the percentage of failure.

EXPECT GOOD

5. Spirit often manifests by name but it is not necessary. Help may come in many other ways, i.e.. during your daily activities or in the dream state. Be open & aware.

BE WILLING TO VERIFY

6. Refrain from being too quick to negate. Again, be patient. Understanding will come.

GUIDANCE

7. The 'true value' of a reading is not always measured by prophecy. Prediction is possible, but **YOU HAVE FREE WILL TO MAKE CHANGES**. Guidance is the key-note of a reading, outcome is ultimately determined by YOU.

BROADENING YOUR HORIZONS

8. CLAIRVOYANTS ARE NOT fortune tellers. A good reading explains the philosophy of right living. It is expanding your point of view, allowing you to see the bigger picture and then to focus on what is important to you in the moment. It may help provide more clarity to assist you in decision-making. A good reader never uses fear or negativity to get information across, nor as a means to glean more money from a client.

EXPECT TRUTH

9. Every clairvoyant has his or her own unique way. It is unfair to compare the creative abilities of clairvoyants. Glean what you can from the info. and put the rest aside to review later as desired.

IMMEDIACY AND TIMELINESS

10. Try not to prolong a reading beyond its natural time. The channel is influenced by many factors & comes to a state of rest at an appropriate time. Questions and answers are often permitted in the closing moments. Your process is unique to you. "Seek not the destination at the cost of missing the journey."
